

CSI-EVENTS REPORT

November – 2018

The Computer Society of India – SJCE student chapter conducted a three day events on 9th, 10th and 15th of November.

Event Name: DEBUG

The first event was **DEBUG**, held on 9th of November, in which participants were given difficult and tricky questions with errors in them. The language used was C, and participants were required to find the error in the code to get the required output. A total of 20 questions including MCQs were asked.

Position	Name	Prize
First	Bharath Choudhary	Rs.300 and Certificate
Second	Akshay S H	Certificate

Event Name: SCAVENGER HUNT

The second event was held on 10th of November and was named **Scavenger Hunt**. It was a coding analogy to the game treasure hunt, where the output of one code was the input of the next one. Participants were required to get the final output by going all the way through 8 very tricky questions.

Position	Name	Prize
First	Bharath Choudhary	Rs. 300 and Certificate
Second	Varun	Certificate
