ISAM-17 REPORT

One day International Symposium on Advanced Materials (ISAM-2017) **on 27th December 2017**

The Department of Chemistry has organized a One day International Symposium on Advanced Materials (ISAM-2017) on 27th December 2017. The symposium is organized with the objective of providing a forum for researchers, scientists, professionals and industry personal to showcase the emerging trends in advanced material research. Over 200 participants came from different parts of the country and aboard to present their research work in the symposium. The symposium enriched the young minds and motivated them to take up research.

The symposium was inaugurated by the Chief Guest Dr. K. N. Thimmaiah, Professor, Department of Chemistry, University of Mississippi, U.S.A, and presided by Dr. K. S. Lokesh, Registrar, JSS Science and Technology University, Mysuru. The keynote talk for symposium was delivered by Dr. Dinesh Shetty, Senior Scientist, New York University, Abu Dhabi (NYUAD) about “From Organic Chemistry to an Interdisciplinary Science: A Fruitful Journey” and he motivated the young mind towards their goal. Dr. T. N. Nagabushana, Principal, SJCE, JSS S&TU, Mysuru, has given welcome address. Dr. P Mallu, Professor, Department of chemistry was the Organizing Secretary of the symposium has given brief introductory remarks about the symposium.

The invited research talks delivered by the speakers Dr. Arun Kumar, Senior Scientist, Food Packing Department, CFTRI, Mysuru, Dr. Kalappa Prashantha, Professor, IMT Lille-Douai, Douai, France. Dr. K. N. Thimmaiah, Prof. of Chemistry, University of Mississippi. The speakers talked on diverse topics, various issues and challenges faced in Materials research. They stressed need for the development of advanced nanomaterials, shape memory polymers, cancer treatment and biomedical materials for futuristic applications. Oral presentations were delivered by ten researchers and posters were presented by 44 researchers.

The symposium has concluded with the Valedictory function presided by Dr. B. G. Sangameshwara, Vice Chancellor, JSS Science and Technology University, Mysuru and Dr.
