The Principal
JSS Polytechnic for the Differently Abled
JSS Technical Institution Campus
Mysuru – 570006

Dear Sir,

Sub: Request to support for data collection – reg.

Ms. Poornima B. V, is a Full time research scholar for her Ph.D. degree in Computer Science and Engineering of JSS Science and Technology University, working under the supervision of Dr. Srinath.S, Associate Professor of the same department

Her topic for the Ph.D. work is on conversion of Indian Sign Language (ISL) in to text and voice using Machine and Deep Learning Approaches.

For the effective functioning of the Machine and Deep learning algorithms, data collection is an important step.

In this regard, it is requested to allow the research scholar and the research supervisor to interact with the Sign Language Interpreter of your institute and also with the Hearing Impaired students to collect the video clipping of the signs during the research period on a mutually convenient date and time.
